

# ***THE DEVIL SAYS HIS TIME IS SHORT, THAT GOD IS GOING TO TAKE AWAY SATAN'S POWER***

*Fr. Perozich comments —*

*Fr. Chad Ripperger, FSSP exorcist noted that during an exorcism Beelzebub or Satan revealed that God is going to take away the devil's power very soon.*

*He also gave clear examples of gaslighting, where accusers attack a person constantly to get the person to question himself, to put himself on the defensive, and then to believe the accuser.*

*This is done in the government and certainly by people in the church to get us to move over to their way of thinking, rather than to draw one to love and truth.*

*At the end of this is a compiled list of the insults of Pope Francis.*

*Enough priests have suffered at the hands of bishops through gaslighting.*

*You can listen to the whole podcast at:*

*The section on gaslighting, insulting and attacking a person to undermine their faith, their self esteem starts at minute 10 to minute 16, using examples of abusive marital relationships. This extends to others in our life spheres as well.*

*In order that you have power to fight back, the proper response is not to respond, or rather to confront the attacker, which can lead to cancelation in the case of us priests.*

**#PopeFrancis** on board papal plane: “Today we are used to insulting each other: one politician insults another, a neighbor insults another, even in the family we insult each other. I dare not say that there is an insult culture, but it is a weapon at hand.”
